Wife Assessment
One, Three, and Five Year

The following assessment is meant to be given to the wife of the pastor, church planter, or missionary approximately one month prior to the overall church assessment. The wife should complete the questions below and submit them to the sending church pastor or Pillar leadership team member. These questions provide an eternal way of evaluating the health of the pastor's family.

Respond to each of these statements by selecting an appropriate rating with 1 indicating that you strongly disagree and 10 indicating that you strongly agree. Following each selection, provide at least 2-3 sentences of the reason for your rating.
